

Jesus asks a Question
Why are you fearful, you of little faith?
Matthew 8:18-27 (Mark 4:35-41)

To have Faith instead of Fear, we must be committed to the Relationship.

To be committed means we are following.

To be committed means we are aligned with His will.

To be committed means we trust the process.

To have faith without fear we must muster Courage regardless of the circumstances.

Those men were in the presence of the Lord.

Those men were in the will of the Lord.

Those men were directed by the Lord.

Those men were on mission with the Lord.

To have faith without fear we must be Confident in Christ's authority.

To cry out to Jesus in desperation is a natural thing to do.

To be desperate about obedience to Jesus is not a natural thing to do.

Are you sure Jesus has the authority to save you and to also use you?

Take away:

Have you ever felt like God had abandoned you?

When we are afraid, why do we think God doesn't care?

How do we describe the difference between a faith that saves and a faith that sustains?

What has God done to amaze you?
